It's a complaint to your good judgment and intelligence to have a truck displaying a red diagonal stripe, stop in front of your house each day for the fact that you use "frozen steam" in your ice box is indicative of a sincere desire to make the standard of your home. "Frozen steam" is made exclusively by the Merchants' Ice and Cold Storage Company. Their product is highly endorsed by physicians as being free from germs, and all impurities. It is more economical because it lasts longer. Last you have forgotten—Tinkity 125 is their phone number.

Jelly roll, jelly tart, jelly doughnut, and jelly candy are all easy to produce if the jelly is at hand. They can be varied now that one can have as many kinds of jam and jelly as there are fruits obtainable.

Do you recall the dim and distant past how you made your own bread—not because you wanted to—but because you couldn't buy it. Even with what you considered exactly proportioned ingredients, the loaves emerged from the oven heavy, sometimes underbaked or overbaked and had to be thrown away. Compare present-day changes. Now you have found out that Honey Bread tastes like the kind you could make but differs inasmuch as it's always the same uniform delicious bread, year in and year out. You will quickly find this out by buying a loaf today when you give your order to the nearest grocer.

If a cake recipe calls for four eggs and your eggs are scarce, use but three eggs and, in place of the fourth, use one spoonful of cornstarch. Beat the eggs and cornstarch together and you can defy anyone to tell the difference.

Fish are at their finest at this season. The barracuda and halibut at Young's Markets this week delight the palate as well as the eye. Fresh from local waters, they are together and you can defy anyone to tell the difference.

Glass may be frosted by the amateur by first cleaning the glass and then applying a thin coat of white lead mixed with turpentine. Then seal tightly all over the glass with a pad of cheese cloth, stippling to suit.

MANY WOMEN ON VOTE LIST

Registration in Arizona Primaries 40 Per Cent of Total; Fifty Feminine Candidates Nominated

(EXCLUSIVE DISPATCH)
PHOENIX, Sept. 26.—A trifle over 40 per cent of the registration for the recent Arizona primaries was by women. The total registration was 23,946. The female registration was 9,809, with subdivision into 24,593 Democrats and 11,904 Republicans.

Just 200 State and county offices were voted on. About fifty women were primary candidates and thirty-two of them will be on the tickets at the general election. Miss Sharlot M. Hall of Dewey, Republican, was the only feminine Presidential elector voted for, though the La Follette ticket will bear the name of Mrs. Margaret Shaffer of Winslow as an elector.

Mrs. Ben Snider, whose name was written into the Yavapai-county Republican ticket, probably will be the only woman nominated for the Senate. A feminine Senatorial aspirant was defeated in Cochise county. For the House of Representatives there are two women candidates, both from Maricopa county, members of the last House. They are Mrs. Freda Marks, Republican, and Mrs. Vernette Ivy, Democrat. Two Maricopa women were defeated for nomination for the House. Mrs. Rosa McKay, for years a House member, this year ran for County Supervisor, an office to which women before had not aspired, but was defeated. Mrs. John L. Munda, a Democratic member from Yavapai of the first State Senate, wanted nomination as school superintendent, but failed. Following is a list, believed nearly complete, of women who are asking county office and who were successful in the party primaries, a star indicating those who seek re-election:

For County Superintendent of Schools: Apache county—Amelia Garcia, Republican; Clara A. Burk, Democrat; Cochise—Helen M. Brown, Democrat; Coconino—Myrtle Miller, Republican; Chino—Bianca Jacobs, Republican; El Paso—D. Nash, Democrat; contested by Mary Phelan, Graham—Alice Worden, Republican; Greenlee—Jessie Lloyd Johnson, Democrat; Mohave—Mabel LeClair, Republican; Mrs. Greasley Clark, Democrat; Navajo—Kate V. Kinney, Republican; Pima—Annie H. Daniels, Republican; Opal LeBaron Whitmore, Democrat; Pinal—Lela LeBaron, Democrat; Santa Cruz—Grace A. Farrell, Democrat; Yavapai—Alice Archambault, Democrat.

If you have ever read "Uncle Remus" then will the expression "prickin' up your ears" have a familiar ring. The words so aptly express the attitude of people who ask for a drink of water and are answered by words somewhat to this effect: "Yes, I'll get you a glass of Arrowhead at once." That response is like music to those who know for Arrowhead Mountain Spring Water has a distinctive taste or flavor which is indisputably slightly alkaline, and containing those salts which give normal constituents to the blood, and render it most beneficial. Arrowhead Water makes for health. Drink it for a while and you will immediately be conscious of feeling better. Just as you see, it's pure, clean, fresh and satisfying as it can possibly be. A large glass demijohn containing five gallons will be delivered to your home for 50 cents, think of it—nor is that all. Regular customers are given an attractive enameled stand and a cooler besides for which there is no charge. If you will phone Humboldt 6306 now they will see that your order is taken care of at once.

I burned cakes and other things by forgetting to remove from oven. All the family forgot to turn off the cellar light, frequently adding dollars to our electric light bill. I printed on one side of a pasteboard card "Cellar" and one the other "Oven." Now, whenever we go to the cellar in the morning, we place the card in a conspicuous place in the kitchen.

You actually do not know what a roasted fowl tastes like until you have eaten one cooked as they do on an open spit at Travaglini's Restaurant, 1261 West Seventh street—(52-092.) Roasted meats of all sorts may be bought steaming hot at this splendid high-class shop which caters to people who are desirous of having the best. At a moment's notice you can have Travaglini's everything needed for a simple luncheon or elaborate dinner.

Rich rack bread in contrasting colors is used on frocks of cotton voile. A charming combination would be rose and powder blue on a pale pink frock.

It isn't the simplicity alone of serving the L. A. "Lily" brand of housewife here in the city—rich in the enjoyment of eating this cream made of pure cream—there is the beneficial aspect—rich in food value. L. A. Sunday Special Bricks make the most sensible ideal dent you could choose. The intriguing combinations of flavors changed each week prevent one from growing tired of one flavor. For instance, on Sunday they have chosen Banana Special, French Vanilla, and Chocolate. If the children will be particularly inquisitive over those flavors, you know. Get your order in early and remember it's the Lily brand you want.

There is nothing that so delights the economical housewife quite so much as to have her entire dinner cooking busily in the oven—all on the same gas burner.

A sewing machine is not a luxury—it's a necessity and by owning one you soon save its cost many times over. What does a dress cost to make in comparison with one you make? The money saved on one gown alone would make the first payment on a White Sewing Machine! A few used models remain marked very low. 917 South Broadway is their address. Better go in soon.

If screws are seared with kitchen soap before they are forced into hard work they will turn quite easily and will be just as readily removed.

For the watermelon and peach cocktail cut the heart of a ripe watermelon and firm ripe peaches in even-sized pieces, cover them with three parts orange juice and one part lemon juice, and set in the ice box until chilled. Serve in stem glasses and garnish each glass with a cube of pineapple.

A certain Madame "X" unwittingly wrote a beautiful "testimonial" for White King Washing Machine Soap—the kind which you buy in a box and which resembles tiny grains of sugar. This lady's hands are unusually lovely—soft and white and no one dreams that they ever were useful. But she said that she not only washed dishes day in and day out, but did White King. She truly believes this soap keeps her hands looking well and like many another who has found that White King in a home is one of the most important essentials for a well-run house. Use it once and you will think the same thing!

Pie and tart shells, single crust or baked separately, lessen the chance of a soggy crust, and make attractive looking pies.

Exquisite linens—gorgeous Chinese embroideries and innumerable works of art—such as one needs for one's home, will find at Fong Yun Company—that most interesting of shops at 207-209 West Seventh street.

When flour is being used in pastry or cakes it should be very cold, but if being used for bread it is best to warm it a little so that the yeast will work quickly.

Wash new curtains—bath to make them afraid you will get the measurements all wrong or that they will look "amateurish" when finished? Why experiment, then, especially when Simank Bros. is at hand? Charge a lot? Indeed no. They are fair in their prices and experts in this line.

Sweater belts should be measured before washing. Then they can be stretched and returned to the exact size before drying.

Mora's Grill in Los Angeles is what Antoine's is to New Orleans—the rendezvous of those discriminating souls who insist upon the best food obtainable, served well, amid a truly interesting atmosphere. You will enjoy having lunch or dinner at Mora's Grill, 107 W. Market St., where you will find it located—just a half-square south of the postoffice.

Be certain to drink from six to eight glasses of water each day.

DRY CHIEF AT CHICAGO UNDER QUIZ

Sacramental Wine Sales to be Investigated by Federal Grand Jury

(EXCLUSIVE DISPATCH)
CHICAGO, Sept. 26.—Sacramental wine records, a whisky prescription ledger and other documents dealing with the department of Maj. Percy B. Owen, prohibition director of the Chicago district, were seized today by Patrick Roche, special intelligence officer, and Federal deputy marshals. The records were taken following the serving of subpoenas on Maj. Owen in the name of the Federal grand jury, and with the full co-operation of the prohibition director, who issued a statement denying rumors of irregularities.

A large portion of the entire documentary content of the office was loaded into taxicabs and taken to the United States District Attorney's office, where it was turned over to Asst. Dist. Atty. William F. Waugh.

Charges of irregularity in the issuance of sacramental wine permits were laid before the grand jury. It developed, and will be investigated tomorrow, when Maj. Owen's books are delivered to the grand jury through United States Commissioner Glas. The investigation was ordered by Dist. Atty. Olsen following the arrest of six men two of whom are charged with attempted bribery of government officials.

Gov. W. B. Ross of Wyoming on Recovery Road

(BY A. P. MORT WIRE)
CHEYENNE (Wyo.) Sept. 26.—A bulletin issued at noon today by the physician attending Gov. William B. Ross said that every indication points to a complete recovery. Gov. Ross yesterday was operated upon for appendicitis.

(BY A. P. MORT WIRE)
WASHINGTON, Sept. 26.—Final argument for and against abolition of the railroad surcharge on Pullman travel was heard today by the Interstate Commerce Commission.

Diet and Health

By Lulu Hunt Peters, M.A.

MONTHLY FORM LETTER

My dear Followers:
The following rules of the column will have to be followed in asking for discussions and for material which we offer. Otherwise your letters cannot be given attention.

First: When you ask for material which we have offered, you must enclose a self-addressed and stamped envelope. The address must include your full name, city or town, State and street number. The pamphlet on reducing and gaining is the only one for which you must also include 10 cents in loose change. Do not send money—it is too easily lost in the mails.

Second: Write legibly with pen or typewriter and not with a ballpoint pen. If your handwriting is not clear get some one to write for you.

Third: When you ask for material to be sent, have your a.s.e. at least a full-sized envelope. It is very difficult to stuff a small pamphlet into a baby envelope.

Fourth: Address your letters to me in care of my publisher, Lulu Hunt Peters, 107 W. Market St., New York City.

Fifth: Please sign your name clearly in full. We promise that we shall not use it in any way.

Six: Do not ask for material to be sent you unless it is something we have offered to send inquirers. You may, however, ask me to write on any subject of general interest which I have not covered, and I will be glad to do so as soon as possible.

Seventh: Do not ask for diagnoses or for individual treatment. I could not safely give you these even if I had the time. Such comes in the province of your personal physician.

Eighth: Allow at least three weeks to elapse before thinking your request for material has gone astray or is ignored. And allow very much longer than that for an answer to appear in the column. If it can appear there.

Ninth: Watch my answers to correspondents and articles each day for something similar to the question you want discussed, and consider yourself answered when you see that, whether your initials are appended or not. Many people have asked me to answer them and save time and space.

Unless all of the seven rules are complied with your letter cannot receive any attention. I dislike to have to put all of these restrictions on you, but unless you do follow them it is going to be impossible for us to handle our mail.

If you will remember that my "Diet and Health" is a syndicated feature, appearing all over the world, you will understand why these rules are necessary.

TOO MANY DEER, YET CANNOT BE HUNTED

(EXCLUSIVE DISPATCH)
HAMMONTON (N. J.) Sept. 26.—There are at least 4000 deer roaming the woods of Atlantic county, and even more in Burlington, according to William A. Faunce, a member of the State Fish and Game Commission. The commission does not approve of increasing that number. Mr. Faunce said, but on the other hand, will not permit an open season on deer for fear of mortality among the hunters. The law prohibits a hunter from firing before he sees the horns of a buck. In this way there are few accidents among hunters, and few victims among the deer.

BRITONS FINALLY GET SEIZED WHISKY CARGO

(EXCLUSIVE DISPATCH)
NEW YORK, Sept. 26.—On a court decision 60,000 quarts of pre-war Scotch whisky, worth nearly \$150,000 here, were taken from a warehouse here yesterday loaded in the steamship Adriatic, sailing tomorrow for Liverpool. The liquor is to be returned to its original owners, E. and J. Burke of England. The seven large van loads were guarded by five men with rifles. Subject several years ago, the liquor has been the subject of Federal court litigation since. The government lost its action to confiscate the wet goods.

GUN DRIVES OFF DRY MEN ON STILL'S TRAIL

(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) Sept. 26.—Federal prohibition officers, assisted by Chief Ford and a city officer, have seized nine miles northeast of the city, the largest still ever seen in this region, but returned to the city without a prisoner. They sought information at a near-by ranch house, but were ordered away at the murder of a rifle, the house or declaring he knew nothing of the distilling plant. Retreat was considered advisable as the party was unprovided with a search warrant.

STOCK PERMIT ASKED

(EXCLUSIVE DISPATCH)
ST. LOUIS, Sept. 26.—The La-clede Gas Light Company has asked permission of the Missouri Public Service Commission to issue and sell stock that would enable the concern to execute a comprehensive improvement program at a cost of \$3,368,700 in the next two years, of which it would almost double the capacity of its plants.

Eight Days Left to Register.

Wife Accused of Hurling Lighted Lamps and Knife

(EXCLUSIVE DISPATCH)
PRISCOTT (Ariz.) Sept. 26.—Just because she threw a lighted kerosene lamp at him and thus demonstrated possession of an evil temper, Carlos Macias has asked divorce from his wife, Anita. He says she threatened death to him while he was asleep and varied by throwing of lamps and dishes by tossing a butcher knife in his direction.

He had \$400 worth of property when he was married. Now, he tells, he has only his clothing and not much of that.

SIZE OF FAMILIES CUT

RICE LAKE (Wis.) Sept. 26.—The recent school census here shows a decrease in the size of families. Out of 1100 families, only three have eight children or more. More than 400 families in the city have no children of school age. Fifteen years ago families of eight to ten children were common, and twelve to fifteen not unusual.

Mr. Dear Publisher: When sending for material which we offer you, please remember to enclose a self-addressed and stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must also include 10 cents in loose change. Do not send money—it is too easily lost in the mails.

Write legibly with pen or typewriter and not with a ballpoint pen. If your handwriting is not clear get some one to write for you.

When you ask for material to be sent, have your a.s.e. at least a full-sized envelope. It is very difficult to stuff a small pamphlet into a baby envelope.

Address your letters to me in care of my publisher, Lulu Hunt Peters, 107 W. Market St., New York City.

Please sign your name clearly in full. We promise that we shall not use it in any way.

Do not ask for material to be sent you unless it is something we have offered to send inquirers. You may, however, ask me to write on any subject of general interest which I have not covered, and I will be glad to do so as soon as possible.

Do not ask for diagnoses or for individual treatment. I could not safely give you these even if I had the time. Such comes in the province of your personal physician.

Allow at least three weeks to elapse before thinking your request for material has gone astray or is ignored. And allow very much longer than that for an answer to appear in the column. If it can appear there.

Watch my answers to correspondents and articles each day for something similar to the question you want discussed, and consider yourself answered when you see that, whether your initials are appended or not. Many people have asked me to answer them and save time and space.

Unless all of the seven rules are complied with your letter cannot receive any attention. I dislike to have to put all of these restrictions on you, but unless you do follow them it is going to be impossible for us to handle our mail.

For Any Meal, Any Day
Nothing More Enjoyable

Cudahy's
puritan
Hams and Bacon

No matter which the meal, appetites be-
come eager when Puritan Bacon sizzles in
the pan, or when the air is laden with the
tempting aroma of Puritan Ham. And
even the most critical find their flavor
desires more than gratified by these meats,
for they alone are

*ripened
naturally*

The method of preparing Cudahy's Puritan Hams
and Bacon produces a finer flavor and greater tenderness
by promoting the natural diffusion of the rich
juices in the meats, only the choicest of which are
selected for the Puritan brand.

To be sure of keenest enjoyment, order always by
name. You'll find a pleasing difference if you get
Puritan Meats.

FINANCIERS
L. H. Glendine, wants recipes
for a French pastry made by one
of the Chicago hotels called
"Financiers" and Victorian to-
tes.

For the financiers place in a
bowl one and half cups of egg
whites and beat well, add slowly
one cupful of sugar and beat until
stiff. Place in a bowl one and
half cups of egg yolks, beat
well and gradually beat in one
cupful of sugar and beat until
light and lemon colored; beat in
the grated rind and juice of one
lemon and chocolate, beat until
meringue. Add four cupfuls of
sifted flour and one and a quar-
ter cupful of blanched and finely
chopped almonds and mix to
smooth batter. Beat in one cup-
ful of melted and cooled butter
and mix smooth. Pour into six but-
tered and floured layer cake tins
and bake in a moderate oven.
Just as the cakes are done sug-
ar and turn out the layers on a
cool. When the layers are cold
put together with financiers fill-
ing and cover with meringue frost-
ing.

FINANCIERS FILLING
Place in the top of a double
boiler two egg whites, one cupful
of sugar, one quarter cupful of
almond paste, two-thirds of a
cupful of blanched and finely
chopped almonds and beat over
the fire until smooth; remove from
the fire, add one teaspoonful of va-
nilla and enough cold water to
make a smooth paste.

MOCK FROSTING
Beat two cupfuls of unsalted
butter to a cream and beat into it
two cupfuls of sifted confectioner's
sugar, beat until smooth with two
tablespoonfuls of vanilla, black
coffee. Spread on the cake and
sprinkle with finely shredded and
toasted almonds.

SWEET PICKLED CUCUMBERS
W. R. Wilcox, Ariz., sends a
stamped envelope and asks that
we send her a recipe for sweet
pickled cucumbers.

We do not send recipes, all
requests are answered in these col-
umns.
Wash and dry 100 small cucum-
bers (gherkins) and pick out all
soft ones. Place in a porcelain lined
kettle one gallon of vinegar and
two cupfuls of sugar and mix well.
Place in a cloth and drain. Cut
each cucumber in half lengthwise
and place in a bowl. Sprinkle with
three-inch sticks of cinnamon,
twenty-four whole cloves, one whole
black pepper corn, and
twelve whole allspice; add to the
vinegar and sugar with the gher-
kins, bring slowly to a boil, re-
duce the heat and simmer for
three hours or until the liquid is
like syrup, not thick. Drain out
the gherkins, pack on ends in
glass jars, pour in the liquid, seal
tight and store in a dark place
three weeks before using.

PICCALILLI
S. B. B., Los Angeles, requests
recipe for piccalilli and India rel-
ish.

For the piccalilli chop four
quarts of green tomatoes and mix
with two cupfuls of chopped small
cucumbers, one chopped green
pepper, two seeded and chopped
onions, and half a cupful of salt;
let stand twelve hours and drain.
Place in a bowl and add two cups
of vinegar, one cupful of sugar, two
teaspoonfuls of whole pepper
corns, one and a half teaspoonfuls
of celery seeds, one and a half tea-
spoonfuls of mustard seeds, half a
teaspoonful of whole cloves, and
the chopped and drained vegeta-
bles. Bring to a boil, pack in jars
and seal while hot.

INDIA RELISH
Remove the seeds from six green
tomatoes and cut in slices; mix with
two seeded and sliced green to-
matoes, two seeded and chopped
peppers, two seeded and chopped
onions, twelve peeled and sliced
medium cucumbers, two
peeled and chopped onions, and
one cup of salt. Let stand twenty-
four hours and drain well. Place
in a kettle, add two cups of vine-
gar and one cup of water. Bring
slowly to a boil and drain. Mix
to a smooth paste three table-
spoonfuls of sugar, one teaspoon
of ground cinnamon, one teaspoon
of turmeric, one quarter of a tea-
spoon of ground cloves, one quar-
ter of a teaspoon of ground allspice,
and four tablespoonfuls of vinegar.
Bring two cups of vinegar to a
boil, add two tablespoonfuls of
chopped mint leaves, two table-
spoonfuls of mustard seeds, the spice
paste, and the vegetables. Cook
twenty minutes, stirring constant-
ly. Pack in glass jars and seal
while hot.

CHILI SAUCE
R.O.S. Chino, asks for recipe for
chili sauce, tomato catsup, and
almond macaroons.
For the chili sauce peel twelve
large ripe tomatoes, chop fine and
mix with two peeled and finely
chopped onions, four seeded and
finely chopped green peppers, two
tablespoonfuls of sugar, two table-
spoonfuls of salt, one tablespoonful
of ground cinnamon, and two and a
half cups of vinegar. Place in a
preserving kettle, bring slowly to a
boil, and boil one hour, stirring
often. Pour into clean, hot jars
and seal hot.

TOMATO CATSUP
Place in a kettle four quarts of
tomatoes, cover with water, bring
to a boil, drain and rub through
a sieve. Place the pulp in a per-
celain lined kettle, add two cups
of vinegar, half a cup of sugar,
one finely chopped clove of garlic,
three tablespoonfuls of oil, two tea-
spoonfuls of ground mace, one table-
spoon of dry mustard, one and a
half teaspoonfuls of ground cloves,
half a teaspoon of ground allspice,
and half a teaspoon of ground cay-
enne pepper. Bring slowly to a
boil and simmer six hours. Bottle
and seal hot.

ALMOND MACAROONS
Force five ounces of dry, blanch-
ed almonds through a nut mill,
place in a mortar and pound "not
too fine, while adding the whites
of two eggs a little at a time. Pound
for thirty seconds after all of the
egg whites are added. With a
wooden spoon stir in slowly about
one cup of powdered sugar, or
enough to make a paste that can
be molded. Roll into balls the size
of small walnut, place on a bak-
ing sheet that has been polished

gratifying reception given
this new loaf.

No effort was spared to
make **WARDS BREAD**
acceptable to your most
critical customers, and the
way it has been received
proves to us that we have
succeeded in making a
better bread.

The many thousands of
homes now using **WARDS**
BREAD will continue to
use it because of its high
quality and uniformity.
Earnest efforts, coupled
with our unconditional
money-back guarantee will
gain and retain the good-
will of your customers.

We want you to know that
this organization—both
baking and sales depart-
ments—appreciate your
efforts, and want to further
assure you that the high
quality of our products
will be steadily maintained,
backed by efficient courte-
ous service.

WASHINGTON LOSES AS YANKEES WIN; ONE GAME SEPARATES LEADERS

FERGUSON AND RED SOX DEFEAT GREAT JOHNSON

Great Hurling Yankees Slug Duel Nabbed Out Victory by Boston Over Macks

(BY A. P. WHEAT WIRE) PHILADELPHIA, Sept. 26.—Washington's persistent aspirations received a jolt today when Ferguson pitched Boston to a 1-0 victory over the Senators in the first game of the four scheduled to be played here. New York's victory while Washington lost reduced the Senators to a 1-1 record in the pennant race in one full game. The league leaders made only seven hits. Yankee slugger, Walter Johnson, who pitched the game, was hit by a left fielder by a pitched ball in the fifth and apparently severe. Marberry pitched the game against Boston. After consecutive victories Johnson was losing his touch. In the fifth inning, with one out, he pitched a ball through Stanley Harris and went to third when he pitched sharply to center. Harris' Texas leaguer to short center brought the score. Russell Harris, but Lee's long single in left center let Boone in with the second to be the winning run.

SCORE IN EIGHTH
Washington's single run came in the eighth. Russ opened with a high legged shortstop. Liebold threw to Ferguson and batted. Ferguson pitched the latter. The latter pitched Lee from making a throw. Wade, left field, went in as a left fielder for Marberry and his left center let Liebold score from first.

Harris and Rice were out. However, and the Yankees rally was over.

There were two other occasions when the Senators had chances to score. In the second, with the score 1-0, Liebold doubled and Blumgren hit a single, but Peckinpaugh threw out Russ. In the fifth, with two out, Liebold doubled and went to third. Peckinpaugh threw out Boone between second and first on the third out.

STOP SAM RICE
Made two hits off Johnson and one of Marberry. Johnson safely in thirty-one consecutive games Sam Rice went hitless in 1924.

RED SOX
Sept. 26. Yankees 1, Senators 0.
Sept. 27. Yankees 1, Senators 0.
Sept. 28. Yankees 1, Senators 0.
Sept. 29. Yankees 1, Senators 0.
Sept. 30. Yankees 1, Senators 0.
Total 5-0.

Von Elm Meets Bobby Jones Today for National Golf Title

In Opening Celebration of Local Football Season

When Caltech and U.S.C.'s respective gridiron gods clash this afternoon in the first game of the Coliseum's busy schedule the individuals pictured below will be much in the limelight. In the upper left is Layton Stanton, son of the Engineers' coach, Fox Stanton, shown at the lower left with his assistant, Bernie Evans. Young Stanton will play his first varsity football today as a halfback. At the right are the Trojans' two giant tackles, Ray Thomas and Swede Anderson, who have an aggregate tonnage which would do credit to a fleet of elephants. At the lower right is Capt. John Hawkins, who will be the chauffeur of the Trojan machine, enunciating signals from the quarterback position.

MANDELL DEFEATS BURNS

Rockford Flash Has Slight Edge in Brilliant Bout at Hollywood Stadium Before Packed House

(BY CHARLES WEST) Sammy Mandell, the Rockford flash, outpointed the veteran Oakland boxer, Frankie Burns, last night in the wind-up of the Hollywood American Legion's weekly program of fistfights, copping the victory by virtue of his work in the last two rounds before a house which was packed to the roof. It was a case of exuberant youth versus crafty age, and Mandell's aggressive tactics, which he punctuated with an unending series of left jabs to the head and right to the midsection, won over Burns' body punching. Although the bout was a boxing match from start to finish, the fans appreciated it all the way. The boxers were about even in the first round, trading left jabs throughout. Mandell danced in and out, while Burns pivoted in the center of the ring, covering remarkably well. Two solid body punches administered to Mandell's bread basket earned Burns an even break in the second, Mandell scoring with light lefts and a right uppercut to Burns' face. Burns started out to be aggressive in the third, putting over a right to the heart before resuming his defensive style, while Mandell had an edge during the rest of the round, using his right to the body and jaw with considerable effect. Burns' right ear was scarred by this time from continual contact with Mandell's left mitt.

TIED OUT
Burns seemed slightly tired in the last frame, but kept his guard functioning well. Mandell was able to swing a couple of rights to the head and midsection in the early part of the round, and the rest of the round was spent in lunges, left jabs being exchanged without doing much damage.

The semi-wind-up went to Eddie White, who outpointed Eddie Digins in the last three rounds in spite of Digins' advantage in reach. Digins won the first by keeping White away, but in the last three White forced in and with rapid work with his left piled up enough points to defeat his rangy opponent.

Nicholas Antonio's cumbersome style couldn't cope with Young Belio's lightning left, and the latter won the decision by scoring heavily in every round. In the second Antonio caught Belio with a peculiar back-hand right, which caught his adversary off balance and put him on the floor, but neither at this time nor any other time did the blond Antonio do much damage. Belio had a distinct edge in each of the first, third and fourth rounds, although Antonio made things interesting for him.

REAL FIGHT
Kid Ponce and Ray Schauer put on one of the best exhibitions of the evening. Although Kid Ponce had a margin in every round, chopping several old wounds open on Schauer's map, the latter had the old pep, and came back for more every time Ponce landed. In his enthusiasm Ponce frequently swung wild and fell all over the

ENGINEERS MEET TROJANS

Football Season Opens With Green Caltech Outfit Tackling Powerful U.S.C. Eleven

(BY BRAVEN DYER) The first of the local eleven to be offered up on the altar of sacrifice to satiate the early season appetites of Elmer Henderson's U.S.C. Trojans will take the field this afternoon at the Coliseum in the shape of the Engineers from California Tech. It is rather generally expected that the Men of Troy will enjoy an exceedingly sumptuous repast, despite the greenness of the material upon which they are to dine.

Fox Stanton, the Caltech mentor, is more than pessimistic over the outcome. He looks for a large score, but secretly hopes that his green charges will rise to the occasion, exhibit a lot of the characteristic Stanton fight and maybe surprise the Trojans by slipping around to see former linemen in the backfield and vice versa. Johnny Hawkins and Honey Earle, ex-guardians, will be in the ball-carrier combination, the former at quarter and Earle as a halfback. Indian Newman, a halfback last year, will probably start at center. Riddle is to play full, with Laracetta as the other halfback.

Hayden Pythian and Gene Dorsey are slated for the ends, with Paul Thomas and Norm Anderson as tackles. Ted Gurrell and Al Behrendt will probably take care of the guard berths, with Brice Taylor a third choice.

Stanton's line-up is still tentative, as is the above offered by Henderson. Three regulars, Capt. Alderman, Foster and Brunner, will not start. Johnson will be the Caltech quarter, with Stanton's son Leighton at one of the halfback berths and Baker in the other. Heilborn will play full, Stanton is to call signals. Newcomb and Hanks, new men, will be on the wing positions, with Seymour and Powers as tackles. Kinney and Westlund have been groomed for the guard jobs and Hill will likely start at center.

There will be a preliminary game at 1:30 between the U.S.C. frosh and the Glendale High School eleven.

The following line-ups are offered for whatever good they will do the palpitating public:

U.S.C.
Stanton (48) L.B.
Alderman (48) L.B.
Foster (52) L.B.
Brunner (52) L.B.
Johnson (52) L.B.

DECIDE POLO TITLE TODAY

(EXCLUSIVE DISPATCH) NEW YORK, Sept. 26.—Because of another change in the schedule the final match for the open polo championship of the United States will be played at the Meadowbrook Club, Westbury, Long Island, tomorrow between the California Midwicks and the Wanderers.

Two matches which had been scheduled for today were changed late last night. One of them, that between Luis L. Lacey's Hurricanes and the Middlenack Farm four, will be played as a preliminary to the open final. The other, which was to have been played between Devaux Milburn's freebooters and the Anglo-American Eastcott combination, has been canceled altogether because of the withdrawal of the Eastcotts from the tournament.

WESTERN MAN DOWNS CHAMP

Max Marston Loses 7 and 6 to Rencho Golfer

Jones Triumphs Over Outmet Emphatically, 11 and 10

Southerner Favored to Win Championship Today

(EXCLUSIVE DISPATCH) MERRION CRICKET CLUB (Harford, Pa.) Sept. 26.—Out in the final bracket of the national amateur championship are the names of Robert Tree Jones of Atlanta and George Von Elm of Los Angeles and tomorrow South and the Far West will meet in the crucial battle for the golfing crown of 1924 over the thirty-six-hole route at the Merion Cricket Club.

These stars of their respective sections advanced through the medium of distressingly one-sided victories. Jones defeating Francis Outmet of Boston, 11 and 10, and Von Elm disposing of Champion Max Marston of Philadelphia, 7 and 6.

It was a sad day for Beantown, and equally dismal for Father Penn. Jones marched forward to what is now the goal of his ambition, the amateur championship, by a grand display of golf, which utterly crushed the Boston idol, who still is lion-hearted as ever, but has not the stamina to stand up under the strain of a week's play.

ONE MISTAKE
Bobby played as he has done in the national open events, turning in a card of 73 in the morning, which contained no less than sixteen pars. He pulled a drive into the woods which cost him six at the eighteenth hole. This was the only real mistake, and he led Outmet 5 up. As he missed his putt for a 5 Outmet remarked, "Well, you can spare that one, Bobbie," and it was the only hole the Boston player won. There was no deviation in the afternoon as Bobby continued his machine-like play, and while he once went over par, he picked off "birds" as they call them in Philadelphia, and played the eight holes in 32, one under par. He played the twenty-six holes in 158 strokes, one over four, and two over par. And so, at the twenty-sixth hole of the match, Outmet was eliminated, 11 and 10, the heaviest reverse of his career.

It is quite possible that Marston owed the loss of his match to lack of physical condition, as he looks to be thirty pounds heavier than when he defeated Sweetser at Flossmoor, and so the week's toll of the course may have taken its toll. This possibility does not rob young George Van Elm of any credit. Past triumphs such as the dual winning of the Pacific Northwest championship in 1921-1922, the winning of the trans-Mississippi title in 1923, the Southern California championship, and the winning of the Salt Lake championship have stamped him as a great player, but today he faced

Injuries Hurt Loyola Team's Chances Today

Because of injuries received in recent scrimmages, three important players of Loyola College's football team will not be in the playing this afternoon when the game with Christian College starts on Loyola's field. It is the first scheduled game of the season, and the Loyola coach hopes to have the three players back and in trim within three weeks. Christian College is reported to have a strong line-up, but Loyola authorities say their team will make the game a lively one.

Ed Lowry, fullback, was injured during the week in a scrimmage with Holy High. He received a sprained ankle, but expects to be back in the game in about three weeks. James Tunney, quarter, and Paul Curran, halfback, received injuries in last week's scrimmage with Manual High, which will put them out of it for from two to three weeks.

Daring Gasoline Jockeys Set for Hazardous Motor Races at Ascot Speedway Tonight

VICTORY CROWN RACE FEATURED

Cliff Bergere Will be Given Real Test Tonight

Huge Field Out to Dethrone French Speed Demon

Masked Marvel in Limelight at Ascot Speedway

The gasoline jockeys are all set for the third of the series of night speed excursions at Ascot Speedway, scheduled for this evening. The guests being invited to assemble promptly at 8:30 o'clock which is the hour set for "Babe" Doyle, gridiron star of yesterday, to unfurl the starting flag in the Italian colony victory crown dash. In addition to George Bentley's promise of the largest list of drivers ever entered in a previous Ascot meet, there are several other features which should highlight the program and give the crowd a lot of additional thrills. Following the qualifying time trials, the victory crown dash will give Cliff Bergere, "Moulini of the speedways," an opportunity to demonstrate just how much better his new Duesenberg track car can ramble than the speedy chariot of Floyd Roberts, the "masked marvel." Jack Lockhart, Eddie Meyer and Frank Bullock, Bergere will have to lick not only the driver who runs second to him but the entire field in the one-lap affair. For while the Frenchman's popularity with the grand stand patrons and the other pilots are always anxious to be in front of Cliff when he is dashing, the Italian colony leader will have to contend with the Italian headpiece, the 19-year-old driver having placed a new motor in his little car. Among the close students of the sport the "masked marvel" and Jack Bullock are believed to have a good chance to beat both Lockhart and Bergere. In the dash Leon Dury, present king of Ascot, will have the call to arms for the fifteen-lap handicap race in which Dury will start from scratch. Leon's car is still larger than the Italian colony leader will permit to start in the race for the De Palma-Sittler crown.

More than fifty drivers have been nominated for tonight's races, necessitating the running of preliminary heats late this afternoon to bring the field down to thirty-two, the I.M.C.A. maximum for the night race. "Pop" Evans, the ancient speedway mariner, says he is out to show the crowd that it is just as good as night as he is in the daylight. "Pop" will drive his No. 14 with the rack-and-pinion gearbox, which he has been piloting since he was dismantled from the pilot's seat of a motorized hearse in Dallas, Tex.

The track and surrounding grounds will be brilliantly illuminated and summer prices will prevail. Special service on the Pacific Electric from the Main Street station will begin at 8:30 o'clock and continue until after the start of the first race.

CROSSMAN ON N. R. A. BOARD

Capt. E. C. Crossman, who for the past two years has represented Southern California on the National Rifle Association board, has been re-elected, according to word received from Capt. Perry, where the national championships are being settled by the world's leading marksmen. Crossman is one of the leading riflemen in the south and his ability is being nationally recognized.

WESTERN MAN DOWNS CHAMP

(Continued from Ninth Page)

the supreme test of his career in meeting Marston on his home course, and the Coast player came through with colors flying. He showed he had the nerve. He did not settle down at the first few holes of the morning and afternoon, but came home in 35 in the morning, when after a close battle he won the title. He established a lead of six up.

In the afternoon Marston was trapped and lost the first hole and was 7 down. Then at the next hole, Von Elm was trapped on his drive and lost, 4 to 5. Again at the short third, he was trapped and lost, 5 to 6. But from that point on Marston had no chance to break through, as George began sending his pitches to points where he putted for three and his approach putting left him sure of his par. Three holes were halved in fours and Von Elm was 5 up and 11 to play. Then Marston's pitch for the eighth hole fell into a trap in a sandy lie. Two feet more and he would have been clear. Von Elm, from thirty-five feet, laid his approach putt dead, and Marston, playing an explosion shot, only just got on the green. He missed a putt and lost, 5 to 4, and was 6 down. Then at the short ninth, 170 yards, Marston pitched a high and short and fell into the creek. This foundered his hopes, as his second was in a trap and he clipped out far over the green. Von Elm, who was then 7 up and 9 to play.

The big gallery stood to the finish, although Marston's defeat was inevitable. He won the tenth, but lost the eleventh with a poor shot, hitting the green and putting in the hole. Marston's pitch and then putting his third over the green. A half in four settled the match and the gallery filed gaily, dejected in spirit.

Tomorrow a record crowd is expected to see Jones and Von Elm, if Jones continues the same brand of golf he cannot lose and he is picked to win by a fair margin. Von Elm is a new player, but faces the equal of any amateur in the world, and even if Bobby had to face Walter Hagen tomorrow, he would not lack for backers.

ANGELS WIN; CINCH SERIES

Krugmen Hit Yarrison and Keefe Hard While Hughes and Ramsey Hold Ducks; Score 8 to 4

BY ROBERT E. RAY

Rapping a pair of Portland pitchers for fourteen hits, while Tom Hughes and Buck Ramsey were holding the visitors to six bingles, the Angels had little trouble making it four straight wins over the Ducks and clinching the series yesterday at Washington Park. The score of the contest, which was slow and slightly ragged, was 8 to 4.

Hughes had to retire in the sixth after holding the Ducks to six hits and four runs, but Ramsey, who relieved Tom, had plenty of stuff and held the visitors to three hits and no runs in the seventh and eighth. But one ball was driven over the infield on Ramsey, Durrett taking Cochrane's line drive to right center for the only hit of the night. The Angels started off in whirlwind fashion, nipping Yarrison for three hits and three runs in the first, and then they added two more in the fourth off Keefe. Keefe was hit hard by the Angels in the closing frames, but managed to hold them to a pair of markers, which came in the seventh.

WHOLEY DOUBLES

Bill Wholey opened the Angel half of the first with a rousing double to left and Beck walked. The Angels then added two more runs in the first. In the seventh, Hood struck out, but Ramsey, on Cox's error, singled Wally Heine, stole second and came in on a double play which kept the Angels in the lead. The score was 4 to 0.

In the second Krug opened with a single, but the Angels added a run in the third. A wild pitch allowed McCarty to take second. Hughes was thrown out at first by Yarrison and Wholey hit a short fly to Weller, neither allowing advancing runners to score. The Angels then added two more runs in the third. Hughes was hit hard by the Angels in the closing frames, but managed to hold them to a pair of markers, which came in the seventh.

BRADLEY CHASED

Bradley was chased from the game in the first of the ninth for testing a decision at first by Grimes. Bradley hit a hard bouncer over second, but Beck made a great stop of the ball and threw the Portland manager out at first by a close margin. Bradley protested so vigorously that Grimes sent him to the showers. Frank took his time getting off the field, but the game about ten minutes.

LOS ANGELES PICKED UP ANOTHER run off Yarrison in the third, forcing the runner to the showers. The Angels then added two more runs in the third. Hughes was hit hard by the Angels in the closing frames, but managed to hold them to a pair of markers, which came in the seventh.

WOODHILL IN VICTORY

Foothillers Beat Santa Monica Eleven in Practice Game; Forward Passes Turn the Trick

The forward pass is going to make Hollywood High one of the most formidable eleven in the City League this year, unless all signs fail. Yesterday the Foothillers took on Santa Monica's heavy and beefy team and passed them to death, scoring two touchdowns in what would be slightly more than one-quarter in a real game. The beach team was fast enough to get the Hollywood receiver, after he had the ball, but the freak formations and the bullet passes had them all running around in circles.

A small, tough and fast runner, by the name of Moore, who plays quarter without a head-gear for Hollywood, is the boy who got all the passes. Moore is a streak when he gets going and his long runs with passes did the work yesterday.

Although heavier than many city teams, the Foothillers had some trouble stopping Santa Monica and it was equally difficult for them to gain ground through the line. Their back backs were going, but it came to the end of the game, but they couldn't make yards through the line.

Santa Monica took the ball first on their own 20-yard line and walked right down the field to a touchdown. They smashed through the line and ran and ran in the Hollywood ends. A criss-cross and a triple buck gave them the lead. When the movie City eleven first took the ball, they looked as if they were going to stand and stare. The ducks failed, and run made yards. Ducks failed again, but a pass made a big gain and from the Hollywood three-yard line, pass and Moore caught the majority of them and put the ball over.

PENNANT DOPE AT A GLANCE

NEW YORK, Sept. 26.—Washington's lead in the American League was reduced to one full game today when the Senators faltered on the threshold of their first major-league pennant and lost to the Boston Red Sox, 2 to 1, while the Yankees were winning from Connie Mack's Athletics, 7 to 1.

With three games yet to be played by each team, it is certain the pennant cannot be decided by either team now before Monday, neither team being scheduled for a Sunday game.

If Washington should win its full slate of three games yet to be played with the Red Sox, it cannot be knocked out of its supreme perch despite a similar performance by the Yankees over the Athletics, but if the Washingtons lose all three games, the Yankees will lose one game to the Sox and break even with the Athletics.

The situation in the National League remained constant today, neither the Giants nor Brooklyn being scheduled to play. The Dodgers are hanging by the proverbial thread, one defeat sending them down into the rack with the Athletics, and another with the Giants if the National League champions lost all three of their scheduled games.

LEADERS IN COAST LEAGUE

LOS ANGELES ANGELS: 1st place, 21 games won, 10 lost, 1 tied. Pitchers: Hughes, 10 wins, 4 losses, 1 tied; Ramsey, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; Yarrison, 10 wins, 4 losses, 1 tied; Keefe, 10 wins, 4 losses, 1 tied; Wholey, 10 wins, 4 losses, 1 tied; Beck, 10 wins, 4 losses, 1 tied; Hood, 10 wins, 4 losses, 1 tied; Durrett, 10 wins, 4 losses, 1 tied; McCarty, 10 wins, 4 losses, 1 tied; Heine, 10 wins, 4 losses, 1 tied; Weller, 10 wins, 4 losses, 1 tied; Grimes, 10 wins, 4 losses, 1 tied; Bradley, 10 wins, 4 losses, 1 tied; Krug, 10 wins, 4 losses, 1 tied; RENEW TALK OF BIG RAIL DEAL

Speculation Over P.E. and City Line Adjustments

Defending Plans Progressing on Extensive Scale

Investors Are Interested in Possible Realignment

BY EARLE E. CROWE

Apparent progress in the re-aligning plans of the Los Angeles Pacific Electric Railway Corporation as indicated by the strength in recent weeks of the 5 per cent bonds of 1940 and the fact of 1933, has focused speculative attention on the possibility of an agreement with the Pacific Electric Railway for the acquisition of the city lines of the latter carrier. Such an agreement has been generally discussed in financial circles for some time, and the understanding has been that the consummation is contingent upon the success of a re-aligning program and the valuation of the property.

It is reported that the re-aligning program is progressing rapidly, and that the Pacific Electric Railway is making considerable progress in the acquisition of the city lines of the latter carrier. Such an agreement has been generally discussed in financial circles for some time, and the understanding has been that the consummation is contingent upon the success of a re-aligning program and the valuation of the property.

Several million dollars of Pacific Electric bonds have been sold in recent months, and the fact that the bonds are being sold at a premium is a strong indication that the market is confident of the success of the re-aligning program.

What effect any arrangement between the two corporations can have on the Pacific Electric bond market is conjectured, but the fact that the bonds are being sold at a premium is a strong indication that the market is confident of the success of the re-aligning program.

SECURITY WIDELY HELD. The Pacific Electric bonds are widely held by Southern California investors as the Pacific Electric Railway Company first issued them in 1914. Low interest rates and the fact that the bonds are being sold at a premium are strong indications that the market is confident of the success of the re-aligning program.

COMPETITOR. The Pacific Electric Railway is a strong competitor in the Los Angeles market, and the fact that the bonds are being sold at a premium is a strong indication that the market is confident of the success of the re-aligning program.

LIBERTY BONDS. The Pacific Electric Railway is a strong competitor in the Los Angeles market, and the fact that the bonds are being sold at a premium is a strong indication that the market is confident of the success of the re-aligning program.

LIBERTY BONDS. The Pacific Electric Railway is a strong competitor in the Los Angeles market, and the fact that the bonds are being sold at a premium is a strong indication that the market is confident of the success of the re-aligning program.

DAILY TRADE TALK

Month Swings Into Home Stretch With Fair Weather

Flags Flying and Upward Trend Established

BY CHAPIN HALL

The last full week of the month ends today with fair weather signs flying. It has been a period of moderate but unmistakable business improvement, and because of its conservative character it is all the more meaningful. There is little to be said of local conditions that has not already been elucidated. The advent of cooler weather has had a stimulating effect upon retail trade, and the manufacturing units report an increasing demand in almost all lines. The building outlook is particularly encouraging, and there is increasing evidence that when the accounts for the year are balanced it will be found to have been one of the most progressive twelve months in the business history of Southern California.

The same encouraging state of affairs exists in the country at large where the steel industry is operating at 80 per cent of capacity as compared with 40 per cent a few weeks ago. The market for automobiles is also strong, and the carloadings are almost at the record level of last year, and the crop situation is excellent.

Increases are reported in cotton textiles. Automobile and tire output have gained and construction is being pushed forward at a rapid pace. The policy of cautious buying for immediate requirements continues, and the tendency without an over-accumulation of stock. There is some hesitancy in placing holiday orders, but jobbers look for a definite composition in this respect within a few weeks, which will result in a larger group than last year.

The situation may be summarized by the statement that while the actual volume of business being transacted is not remarkable, the trend is in the right direction, with a tendency toward expansion and steady improvement. Commercial money rates are firm. Reserve banks are adding material to their holdings of government securities, and discounts remain practically unchanged. The bond market is strong with the outlook

for better business as the season advances. New offerings have been in good volume with diversified yields and well-sustained interest and participation.

Market movements are largely governed by the immutable law of supply and demand and at present it is quite certain that the latter, even though meager at times, is sufficient to absorb offerings. Under such circumstances and with abundant supplies of money there is little room for any retrograde movement of importance.

FOREIGN SITUATION. Announcement that France and Germany will undertake the negotiation of the new trade and tariff treaty early in October affords one of the steps which have been anxiously awaited as giving definite foundation for the Dawes plan. It is desired also to get specific information as to the status of the new bonds and their prior lien quality as compared with other outstanding obligations of Germany. On these points official information is expected to be made public before long. Meantime the collection of reparations payment in Berlin shows that the Germans are going ahead in good faith with the execution of the Dawes plan along the lines already projected.

Announcement that the Geneva conference of the League of Nations will not attempt to carry through a disarmament conference without the presence of American delegates indicates that this country still retains its hold on the foreign situation in this regard and at the same time promises for an early further discussion of methods to be pursued in cutting down military outlay and so relieving taxation. The help thus foreseen will be of the most encouraging influence in advancing stock values and worth of property generally, if it can be carried through to fruition as now seems likely. Meanwhile, however, the tendency of a new election in Great Britain tends to keep that country somewhat unsteady in its business plans for the same reasons that hold good in the United States.

BAD CHECKS

The police forestry detail is anxious to apprehend a woman giving the name of Mrs. P. B. Harper, wanted for issuing fictitious checks.

In one instance this woman entered a military store, selected a hat and gave a check for \$22.50 as payment in full. She wore the hat out of the store and left her old one to be delivered at 209 South Rampart Boulevard. It was found that there is no such address and later the check was returned from the bank marked "No account."

Mrs. P. B. Harper is described as follows: Age, 33-35 years; dark hair, not bobbed; weight, 125 pounds; gray eyes; slender build; muddy complexion; gray flannel dress, black shoes, no coat, and the hat she purchased and wore out of the store was a black velvet with a silver band. She is rather plainly dressed and gives the impression of being an honest working woman.

The nearest police officer of the forestry detail at Central Station should be notified if any information is obtained regarding this woman's activities or whereabouts.

BUSINESS NEWS OF BUSY MARTS

Bank Directors Vote to Pay Increased Dividend

A.I.B. Hold Meeting; Stock Profits Authorized

Mortgage Company Organized; New Branch Banks

Directors of the Union Bank and Trust Company have voted an increase in the dividend rate from 5 per cent to 10 per cent per annum. Dividend checks based on the increased rate will be mailed to stockholders the 30th inst.

Ben R. Meyer, president of the Union Bank and Trust Company, in a statement addressed to the stockholders, states that the earnings of the bank for some time have been sufficiently high to justify this increase, but that officers and directors have felt that it was proper to build up surplus and undivided profits and at the same time to extend the facilities of the Union Bank and Trust Company to its customers.

Since moving to the present location at the corner of Eighth and Hill streets the surplus and undivided profits of the Union Bank have increased from \$180,000 to approximately \$410,000, according to Mr. Meyer.

BANK MEETING. The annual open meeting of the Los Angeles Chapter, American Institute of Banking, was held in the chapter rooms, 721 South Hill street, last evening.

Dr. J. C. Hogan, assistant cashier of the Farmers' and Merchants' National Bank and vice-president of the local chapter, will direct the educational work of the chapter this year. Eleven courses in business are open to bank officers and employees.

DIVIDEND PAYMENTS. Directors of the Citizens' National and Citizens' Trust and Savings banks have declared the regular quarterly dividend of 1 per cent on the capital stock, payable October 1 to stock of record the 25th inst.

A quarterly dividend of \$1.50 a share has been declared by the Continental National Bank, payable October 1 to stock of record the 30th inst.

The Western Gasoline and Refining Company will pay on the 15th inst. the regular quarterly dividend of 3 per cent to stock of record the 10th inst.

The American Gasoline and Refining Company has authorized the payment of the regular quarterly dividend of 3 per cent a share on the 30th inst. to stock of record the 10th inst.

NEW MORTGAGE COMPANY. Formation of the Coast Mortgage Corporation, with an authorized capital stock of \$1,000,000, is announced by officers of the company. The company will specialize in loans on first mortgages, dealing in true deeds and transacting a general mortgage and loan business. Officers are E. T. Oakes, president, who is also president of the Southwest Realty Board; W. D. Conner, secretary-treasurer; and the directors include the foregoing and E. L. Burt, J. L. Cottrill, Leo White and C. W. Clegg.

CALLED BONDS. Alvin H. Frank & Co. have received notice of the calling of \$170,000 Goodway Tire and Rubber bonds of 1941, at 120. The bonds are called for payment as of November 1, 1924, and bonds must be sent to either the Union Trust Company of Cleveland or the Central Trust Company of New York. Numbers of the bonds called are in possession of Alvin H. Frank & Co.

NEW BRANCHES. Two new Los Angeles branches of the Pacific Southwest Trust and Savings Bank will be opened October 1. They will be known as the Broadway and Hollywood branches, located at 5500 Hollywood Boulevard, and the Thirtieth and Western branch, 1877 West Thirtieth street.

BANK NOTES, COINS. Current buying rates, current daily by the Federal Reserve Bank of San Francisco, are as follows:

BY HOWARD C. KEGLEY

Approximately 200 geologists from all parts of California gathered at the Alexandria yesterday to form a State section of the American Association of Petroleum Geologists. The meeting will be continued today, and will adjourn this afternoon.

F. S. Hudson of the Oakridge Oil Company was elected temporary chairman of the meeting, and appointed a committee of five men to report this morning with a proposed constitution and petition for admission to the national organization. The committee members were Roy Colburn, Robert Moran, N. L. Taliferro, G. L. Gester and J. R. Case. The committee report will be acted upon this morning, and presented to the convention of the national association, which meets at Kansas City next March.

A number of technical papers were read yesterday, among them being discussions of geological and mechanical problems by the following men: G. D. Hanna, Bruce L. Clark, R. D. Reed, W. S. Kew, F. W. Hill and Lester H. Kelm.

A dinner was held at the Alexandria last night, attended by the geologists and their wives. Joseph Jensen was toastmaster, and dressed were delivered by J. M. Sands of Bartlesville, Okla.; E. G. Gaylord of San Francisco, the president of the national association, and E. A. Morgan, president of Antioch College of Ohio.

Making Water Test

Reports that the wildcat well of the Mohawk Oil and Gas Company, which is being drilled into the Culver City by the Bush Drilling Company, had come in with a production of 500 barrels a day, proved unfounded on investigation yesterday. At the offices of the company it was reported that the well had shown some indications of going on production several days ago, but was still swabbing yesterday afternoon for a water and production test, although it was believed a water shut-off had been effected.

The Mohawk well was shut down on June 15, last, after mentioning a string of casing at 1600 feet. Work was resumed about a week ago, it is reported, and the string drilled out to make a water test. During the test the well flowed water in which some oil is said to have been evident.

Company officials have reported favorable showings in the well, an especially good showing having been found at about 2100 feet, it is said.

Get Four New Wells

Four new wells were completed in the Torrance field yesterday, one of the new producers being an outcrop in the southwest part of the field.

The Standard Oil Company completed three of the four new wells, in Carson No. 1, came in at a depth of 3550 feet, flowing 250 barrels a day. Carson No. 1 is in the extreme northeast part of the Torrance field. Quaker No. 1 came in with a flow of 150 barrels a day from a depth of 3643 feet in the far southwest end of the field. Marble No. 25 was brought in at 3723 feet, flowing 180 barrels a day.

The Fullerton Oil Company's Helen No. 1 went on production at the rate of 250 barrels a day, from a depth of 3876 feet. This well is an outcrop in the southwestern part of the field.

Shut Rig Again

The Associated Oil Company after starting two holes on its De Francis No. 1 in the Dominguez field, has decided to "rig" and is now drilling in the third. De Francis No. 1 was drilled to 3550 feet and blew out, junking the hole. A new derrick was built ninety feet south of No. 1, and De Francis No. 1-A was drilled to 340 feet. At this depth a cavity was found, which the company's geologists believed to be caused by the blowout in the original well. After ineffectual attempts to plug the cavity with mud and gravel, the rig was again skidded, and a third hole is now being drilled.

Get Fish Out

The Sentinel Oil Company has succeeded in extracting the fish from its wildcat well northwest of the Athens field after two days of fishing, according to field reports. Drillers dropped tools at around 4500 feet, picked them up without much trouble after circulating with oil.

The principal result of the Sentinel fishing job will be the difficulty of detecting oil-bearing formations, according to operators who are watching the well closely. Once oil has been circulated in a well to loosen up the obstructions, the formations become so penetrated with it that it is practically impossible to distinguish formation oil from the circulating oil.

(EXCLUSIVE DISPATCH)

NEW YORK, Sept. 26.—Wheat market today was bullish with December delivery at a new high of 1.18 1/2, while other grades were 1/4 to 1/2 higher. The market was influenced by reports of a late start in the fall harvest in the West, and by the fact that the crop was expected to be 10% to 15% below last year's. The market was also influenced by the fact that the crop was expected to be 10% to 15% below last year's. The market was also influenced by the fact that the crop was expected to be 10% to 15% below last year's.

RAILS MERGER HEARING BEGUN

Three City Trolley Systems Involved in Project

Yellow Car Reorganization Financially Planned

Authority Asked for Issue of \$30,939,000 Bonds

Meeting of the application of the Los Angeles Railway Company for a financial reorganization of the yellow-car system was begun yesterday before Commissioner Brundage of the State Railroad Commission. The application seeks a reorganization of the Los Angeles Railway Company and the City Railway of Los Angeles, and authority to increase the bonded indebtedness of the Los Angeles Railway Company to \$30,939,000 and to issue as Series A bonds \$10,000,000 at 6 percent interest, the balance of \$20,939,000 at 7 percent interest, and to issue as Series B bonds \$10,000,000 at 6 percent interest, the balance of \$10,939,000 at 7 percent interest.

FIGURES AGREED ON

Engineer Ready explained that the figures were obtained from the commission's methods of appraisal and had been agreed to by the company and the city. The value of the property was \$10,000,000, and the value of the bonds was \$20,939,000. The value of the property was \$10,000,000, and the value of the bonds was \$20,939,000.

APPROACH TO END BOON

After the hearing Engineer Ready stated that the report of the estimated valuation of the property was \$10,000,000, and the value of the bonds was \$20,939,000. The value of the property was \$10,000,000, and the value of the bonds was \$20,939,000.

CITY OF ANGELS OR IMPS? CHURCH VIEWS CONFLICT

One Divine Finds Methodist Says Southland Is Impeccable

Rev. Martin Luther Thomas, who said he is "tired of fighting the devil on his own home ground, Chicago," has come to make his home in Los Angeles, which he declares is the brightest spot in Christendom. He had just completed a new Presbyterian Church at Dearfield, a suburb of Chicago, and he will preach his first sermon in his new pastorate, the First Presbyterian Church of Los Angeles Harbor, Sunday, September 29.

BEST COME HERE

He came back here, he said, because it used to be his home as a newspaper man and here later he first studied theology at the Los Angeles Bible Institute. But he came also because, he said, "the last stand of Anglo-Saxon civilization will be made on the Pacific coast. The world is being divided into two camps, the camp of the Anglo-Saxons and the camp of the others. The Anglo-Saxons are being driven out of the world, and the others are being driven in. The Anglo-Saxons are being driven out of the world, and the others are being driven in."

CALLS IT FLAPDOOD

"All this talk of the day's responsibility because they were under age is flapdoodle. The legal taking of a life is not for the life, but to act as a deterrent. But the sentence, was a travesty."

URGES FRUGALITY

In the discussion following the address, Delegate Smith of Los Angeles urged greater frugality on the part of the church so that it might be able to support the needy and the distressed. He urged that the church should be more frugal in its expenditures and more generous in its contributions to the needy and the distressed.

Checks, Basis of Charges in Forgery, Lost

Disappearance of three checks, basis of a forgery complaint, against J. McWilliams, was the subject of a criminal inquiry yesterday in Judge Crall's court.

CORRECTION

Due to a typographical error in an article in The Times on the 25th inst., reporting the arrest of Dr. John W. Nevius, on a narcotic charge, it was stated that Dr. Arthur Timma, who at one time occupied part of a suite of offices in which Nevius was arrested, had been found "guilty" of similar charges. The error consisted in the inadvertent omission by the compositor of the word "not" in the original story. Dr. Timma was found not guilty of the charge in Police Judge Erickson's court.

IMPROPER CONDUCT COMPLAINT ISSUED

A complaint charging Paul B. Berkeley with improper conduct toward three small boys was issued yesterday by the juvenile court.

GARBUTT BUYER OF DEATH TOOL

Hunn Case Murder Evidence Declared Complete

Hardware Store Man Names Suspect Purchaser

Police Think Hammer Part of Burglar Outfit

Identification of Harry Garbutt as the purchaser of a small nickel-plated hammer used in the slaying of Mrs. C. R. Hunn in her Pasadena home last Friday was made yesterday by Clarence D. Boas, proprietor of the Chicago Hardware Store, 612 East Fifth street, according to Detective Lieutenants Lee Culver and Robert O'Rourke of the Pasadena police. This forges the final link in the chain of evidence against Garbutt, according to Chief of Police Kelley of Pasadena. Garbutt is under indictment for first-degree murder.

"GOOD CUSTOMER"

Pointing out Garbutt as the purchaser of the hammer, Boas, according to the officers, said "You are a good customer. I had no trouble in placing you. You put down the dollar and walked right out." Garbutt bought the hammer two weeks ago, Boas said.

BURGULARY THEORY

That Garbutt, an ex-convict who had been befriended by Mrs. Hunn, had used the hammer on burglary jobs is the theory of Chief Kelley and Captain of Detectives Beta. The hammer, they say, is a type commonly used as a jimmy. This fact, added to the statement of Irene Kirchoff, with whom Garbutt is said to have lived, that he always had plenty of money without any visible means of support, strengthens the belief, the officers said.

NINETY-FIRST TO CUT LOOSE

Veterans of Famous World War Division Arriving for Reunion; Cowboy Gard Marks Montanans

From six western States hundreds of veterans of the World War, all of whom served their country overseas, began streaming into Los Angeles yesterday to take part in the fifth annual reunion of the Ninety-first Division, which opens this morning for a two-day rip-roaring celebration.

The banquet of the 182nd Brigade, including the 362nd and 364th Infantry Regiments and the 365th Machine Gun Battalion, will be held at Herbert's Cafe. Maj. Walter Gregory will preside as toastmaster and entertainment will be supplied by Grauman's Million Dollar Theater.

BIG DAY TOMORROW

The big day of the reunion has been scheduled for tomorrow. No regular events have been prepared for the morning, aside from several sightseeing trips through the city and to the motion picture studios.

SIGHTSEEING TRIPS

The program for the two days is one replete with sightseeing trips for the visiting soldiers of the famous battle cry, "Powder River, Let 'er Buck!" The official "P. C. C." delegates, as they are called, will be at the Alexandria on the mezzanine floor. Here, the men of the Ninety-first will first meet and register their names and outfits, beginning at 9 a. m. The executive committee will meet at a noon luncheon at the Alexandria. The afternoon hours will be devoted to sightseeing trips for the visiting veterans and in the evening numerous banquets and informal dinners of the divisional units will be held in various hotels and cafes.

GOETHALS GETS DOWN TO WORK

Sees Pacoina Dam Site With Engineer Reagan

Also Goes Over Project in Big Santa Anita

Refuses to Make Comments After Inspection

Gen. George Goethals, consulting engineer, and J. W. Reagan, chief engineer of the Los Angeles County Flood-Control District, peered off their coats and hiked for miles over boulders and through thick underbrush in the sun-smitten gorges of the Pacoina and Big Santa Anita valleys yesterday. By sundown they had completed an inspection tour of the two dam-sites which are first in order of construction in the county's \$13,000,000 flood-control project.

MET BY DELEGATION

There they were met by a delegation composed of public officials, business men and ranchers of San Fernando Valley. The Pacoina project, which will be open to bids Monday, will cost approximately \$1,750,000 and will impound 12,000 acres of water at one time. It is of prime importance to the Los Angeles Valley for purposes of flood protection and because of the holding of water rights in the valley.

INCLUDED IN THE DELEGATION WERE

Fred W. Prince, manager of the San Fernando branch, Pacific Southwest Trust and Savings Bank; R. R. Holloway, chairman of the Flood-Control Committee, Associated Chambers of Commerce; Gen. E. L. B. Remer, superintendent of the Water Department of San Fernando.

GEN. GOETHALS AND CHIEF ENGINEER REAGAN SAID THEY WISHED TO MAKE THEIR INSPECTION TOUR UNCOMPLICATED BY ORDERS THAT THEY MIGHT DEVOTE THEIR TIME FULLY TO THE STUDY AND DISCUSSION OF ENGINEERING PROBLEMS CONNECTED WITH THE DAM SITE.

PAACINA IS A TWISTING, DEEP GORGE, ITS GRANITE SIDES APPROACHING THE PERPENDICULAR ALMOST THROUGHOUT. THE DAM, ABOUT 375 FEET HIGH ABOVE THE BASE AND 400 FEET LONG ON TOP, THE GORGE AT THE DAM SITE IS BETWEEN 400 AND 500 FEET DEEP.

The crazy walls are sparsely covered with brush and on the more gentle rises, with sycamores, which are and pine. The floor is piled with great boulders.

Considerable prospect work already has been done here. Actual construction will begin October 20.

THE INSPECTION TOUR 'CONSUMED' NEARLY THREE HOURS. AT THE END OF THAT TIME GEN. GOETHALS TOLD MEMBERS OF THE SAN FERNANDO DELEGATION THAT HE WOULD LOOKS OF THE DAM SITE VERY MUCH.

In the afternoon Gen. Goethals and Chief Engineer Reagan, accompanied by assistant engineer, the County Engineer's office, made an inspection tour of magnificent Big Santa Anita Canyon.

OPEN TO BIDS MONDAY

These projects will be open to bids on Monday.

GEN. GOETHALS REFUSED TO COMMENT ON THE RESULT OF HIS INSPECTION TOUR. HE SAID:

"When I complete my report it will be given at 1 p. m. The afternoon program is arranged by Fred T. Thomas, manager of Grauman's Million Dollar Theater. Other feature events will be:

A PERFORMANCE BY MARTINELLI, THE STRAIGHT-JACKET AND HANDCUFF WISARD; A JAZZ ORCHESTRA; HARRY COO'S TRIP IN SONG NOTIONS; ROMERO AND DALON, APACHE DANCERS; A FIVE AND FOUR CORPS; LOUISE SULLIVAN, VIOLINIST AND SONGSTRESS; FOUR THREE-ROUND BOUTS OF BOXING; A BATTLE ROYAL; AND SEVERAL ACTS FROM THE GRAUMAN THEATRE.

The Soul of Rupert Hughes

Revealed in His Confessions
A Case for Psycho-Analysis
By DR. FRANK DYER
Ambassador Hotel Theater, 11 A. M.
Sermon Travelogue, "The Paradise of the Northwest."

My Dear Friends:
I am not seeking to pry into the soul of Rupert Hughes. He has written three articles: "My Father," "My Mother," and "Myself." The latter under the title "Why I Quit Going to Church." All this autobiographical material is given to the world and is now public property. We are asked to accept it and assimilate it. I think we should first analyze it and inquire what has happened to the soul of the writer that he sees in the Christian religion such an awful peril to himself.

An old-fashioned name for the ministers' work is "The Cure of Souls." I think it is a good one. We must know the souls of men today and bring them health, not poison. I shall try to make this sermon help a lot of troubled people.

Yours, trying to be a friendly brother to every living man,
FRANK DYER.

10 A. M.—The Scientific Class—Open to All.
9:30 A. M.—The Sunday-school in Parish Center.

THE WILSHIRE PUBLIC FORUM
Ambassador Hotel Theater, 4:30 P. M.
Mr. W. B. Guyton, L. A. Optimists' Club, Presiding.

Mr. Rupert Hughes
"WHY I QUIT GOING TO CHURCH"

Dr. Frank Dyer
"ARE HIS REASONS SOUND AND SENSIBLE?"

Mr. Hughes felt that it was not fair to sit on the platform and be listened to. He asked for the chance to defend his position. We love free speech and fair play, so that is why we offer you this program.

WILSHIRE BOULEVARD CONGREGATIONAL CHURCH

organization still has in a part of the fund during the war, but it is that the balance will be by the middle of 1935. Then, if the organization is work, it is to make an appeal for more funds, for some apparent to the persons that the Red will speak from the broadcasting station, at the same time and tomorrow will give an address before the Presbyterian church. Next Monday, the Los Angeles for Wash. D. C. attend the National Cross convention.

**BOY GLOBE-TROTTER
REACHES AUSTRALIA**

Clarence Aronson, juvenile globe-trotter, has reached Melbourne safely, according to word received here yesterday. Clarence has traveled 13,000 miles all by himself. At the age of 18 he made the trip alone from San Francisco to China, there to join his parents. A few months ago he left Phoenix for Australia, passing through this city and making the entire trip by himself. Clarence is 13 years of age and a student at the Phoenix high school. He is well up in his own fare from the proceeds of his theatrical appearances. His grandfather, A. P. Hill, lives at Phoenix.

BANDITS HOLD UP
OIL COLLECTORSTwo Relieved of \$1600 Total
in Daring RobberiesAgent Also Loses Auto in
Addition to \$800Richfield Firm Officials May
Use Armored CarDaylight bandits, operating
afoot and in automobiles, held up
two oil-collector yesterday
morning, their activities nettingthem a total of \$1600.
F. W. Nolting, a collector for
the Julian Oil Company, was the
victim of a natty dressed foot-
pad, who leaped on the running-
board of his car at the busy in-
tersection of Seventh and Westlake
avenue about 10:30 a.m.The desperado forced the col-
lector to drive him to Bonnie Bras
and Santa Ynes streets. There,
with his gun prompting the move-
ments of his victim, the bandit
forced Nolting out of the car and
instructed him to walk away. The
latter had gone only a short dis-
tance when he heard the engine
of his machine roar and saw the
bandit speed away in the car with
\$800 in collections.G. C. Maxwell, a collector for
the Richfield Oil Company, lost
the proceeds of his morning's ef-
forts in a somewhat more specu-
lar manner. He had just driven
away from the Richfield station at
Sunset and Harbor boulevardswhen a car crashed into him.
His car was forced to the curb
and he looked up to see two
stockily built bandits facing him
with guns under their coats. They
relieved him of a satchel contain-
ing \$1600 and chugged away.
Officials of the Richfield Com-
pany yesterday stated they are
considering the purchase of an
armored automobile, similar to
those used by banks, in which to
make collections from stations
here. The company has been
among heavy losers in the wave
of oil station collector robberies
in recent weeks.DRUG PEDDLER SENTENCED
Eddie Reid alias Eddie Kilman
was convicted by a jury yester-
day in Judge James's depart-
ment of United States District Court
of peddling morphine. He was sen-
tenced to fifty months in Leaven-
worth penitentiary.

Annual Flower Exhibit Champions

DAHLIAS GLORY IN HONORS
Huntington Cup Goes to C. F. Gutting; Exhibit is
Declared Most Successful of SocietyGorgeous coloring and artistic arrangement are features of the
fifth annual Dahlia show, which closes tomorrow night with Mayor
Cryer presenting the prize and loving cup. The show is being held
under auspices of the Dahlia Society of Southern California at the
Harold L. Arnold Building, Seventh and Figueroa streets.Marvels of flower culture rang-
ing from a pompon about three-
quarters of an inch in diameter
to the largest dahlia in the show,
twelve and one-half inches in
diameter, are on exhibition in
what W. W. Felgat, manager,
terms the most successful event
in the history of the organization,
with more than forty exhibitors
showing nine classes of approxi-
mately 700 varieties. Until the
doors were closed last night
throngs viewed the beautiful
specimens and a much larger at-
tendance is expected today.Among the nine classes shown
are five with open centers, name-
ly, singles, anemones, collarlets,
peony and duplex and four classes
with closed centers namely, deco-
rative, show, pompon and cactus.
There are numerous varieties of
the nine classes with many new
ones as yet unnamed, and many
seedlings which, according to
Frank C. Mulkey, vice-president of
the Dahlia Society of Southern
California, and Charles F. Gutting,
president of the American
Flower Exhibitors, are destined to
become famous throughout the
United States.There are twenty-three first
prizes awarded to professionals,
the perpetual silver loving cup
going to Charles F. Gutting of the
Acme Dahlia Gardens. The cup
is donated by H. E. Huntington.
Mulkey was awarded first prize
for the smallest dahlia, Billie
Fletcher, a pompon, while for
Risikyou, the largest dahlia, first
prize went to the Advance Dahlia
Farm. The firm of Howard Smith
was awarded first prize for a vase
of fifty White Polar Bear dahlias.
Among the amateurs, Mrs. E. L.
Moberly won first prize for a
basket of pompons.

WOMAN IN
I.W.W. CASE
IS GUILTYConviction for Violating
"Direct Action" Advocacy
Ban is UpheldRuling that the system of "di-
rect action" as advanced by the
I.W.W. and other radical organi-
zations to revolutionize industry
was contrary to the terms of an
injunction against the purveying
of radical literature granted by
the Superior Court of Sacramento,
Judge Avery yesterday affirmed
the findings in Police Judge Pope's
court in the case of Anna Hart-
man, who was found guilty of vi-
olating the injunction.Anna Hartman, said to have
been an organizer for the I.W.W.,
was fined \$100, or ninety days in
jail for selling newspapers pub-
lished by the I.W.W., and advocat-
ing "direct action" as a means of
destroying capital and industry.
The woman's attorney appealed
the case on the ground that John
Dymond, former investigator in
the District Attorney's office, la-
gally could not give "expert testi-
mony" on what the I.W.W. meant
by "direct action." Just what was
intended by this phrase was for
the court to decide, the attorney
held.

Nation-Wide Presidential Poll

Full Details State by State in this Week's "Digest"

More than 100,000 ballots are now being received daily by mail in this great poll. In this
week's issue of THE DIGEST (September 27), 272,299 ballots are recorded — these rep-
resenting early returns in the balloting.This poll of the nation is arousing widespread attention. In the political world the
men of all parties are studying it anxiously. Readers of THE DIGEST this week will note that
the returns furnish some surprises.As the poll is recorded from week to week many more interesting developments will
arise. Not only will one get a reliable index as to who will be President, but the returns will
show the shifting of votes among the different parties.

Other big news-events in this week's DIGEST are:

SQUARE DEAL AT HARBOR ASKED

Consideration of Bids Urged
by Contractors

Cabrillo City Beach Project
Started Under Way

Establishment of Naval Air
Base is Assured

That the Board of Harbor Commissioners give contractors a square deal in awarding contracts for docks, wharves and other port improvements, was the plea made to the board yesterday afternoon by E. M. Glass, representing the Southern California Chapter of the Associated General Contractors of America.

"Bids have been asked for," said Mr. Glass, "for additional wharves, but before the contractors make the careful estimates that are necessary in order to submit bids that will be given fair consideration and that, if the low bid is from responsible contractors, backed up by a bond, the low bidder will be given the contract." A recent work authorized by the harbor department the contractors could not understand why their bids were thrown out and the work ordered done by the harbor department forces under day labor.

ADDED TO BIDS
"Some of them have felt that the estimates of the engineering department were manipulated so that the bids were made to appear higher than the estimates made by the engineering department as to what the city could do the work for."

Acting Harbor Engineer Shaw admitted that engineering department expenses for preparing the plans and inspecting the work had been added in past cases to the contractors' bids, at the price the work, when done by the contractors, would cost the city, but said that these same charges had been included in the estimates as to the cost of the work if done by the city. Commissioner Allen told Mr. Glass that the contractors could be assured that, personally, would be in favor of awarding contracts to low bidders if their prices were reasonable.

PROJECT STARTED
The board officially started the Cabrillo municipal bathing-harbor project at Los Angeles Harbor under way by granting a thirty-year lease to the Playground Commission for the city-owned frontage required for the beach, which will adjoin the United States government breakwater at the point and authorized the Playground Commission to proceed with filling in the frontage and building a breakwater to the protective breakwater to be built in front of the bathing beach from dredged material purchased by the Playground Commission with its bond funds.

The establishment of a naval air base for the planes of the Pacific Fleet was assured yesterday afternoon when the harbor board granted to the federal government a reversible terminal island northeast of Fish Harbor. The width of the land placed at the government's disposal will be about one-half mile. Capt. Stanford E. Moore, U.S.N., commanding the naval air squadron of the Pacific Fleet, appeared before the harbor board and explained the need of an air base for the planes attached to the fleet. The board granted the request and authorized the board to build hangars and place repair shops and other equipment on the terminal island site, and it is expected that in time more than 500 men will be stationed at the base.

Eight Days Left to Register.

Wife Goes East, Husband Given Alimony Relief

At last temporary relief from the task of paying his wife \$115 a month alimony pending the trial of her suit for divorce was obtained yesterday in Judge Hudson's department of Superior Court by Frank A. McDonald, attorney. The lawyer appeared in court with an affidavit setting forth that his wife, Beatrice Leona McDonald, had removed the furniture from the home at 240 South Rampart Boulevard, had stored it under the name of Flo Minton and then gone away. He expressed belief that she had gone to Providence, R. I.

The attorney asked that the court order under which he must pay his wife \$115 a month alimony be dissolved and that he be empowered to take the furniture out of storage in order that he might be able "to sleep and sit" at home.

Judge Hudson, however, expressed the belief that the furniture was safe enough where it now is and he refused to grant the request to the extent of ruling that he did not have to pay alimony as long as his wife remained out of the jurisdiction of the local courts.

Mrs. McDonald filed suit for divorce against her husband some time ago. She charged cruelty. A few hours after she had filed her suit, in which she charged her husband with misconduct in charging his wife with misconduct with Lieut. Lannon of the Navy.

EMBEZZLER PLEAS GUILTY

Charles F. Young yesterday pleaded guilty to a charge of embezzling \$100 from Helen G. Kreigh, 2613 1/2 Second avenue, while he was acting as her agent. Young was granted permission to file application for probation and hearing on this matter was set for October 1.

SILENCE BETTER SPART OF DIGNITY

Judge Goes Right on With
Court as Time-Worn
Rule is Ignored

It happened in Judge Guerin's alimony court. Judge Guerin was entering the courtroom. Bailiff Edward Borton sprang to his feet and roared:

"Everybody rise. The Honorable Superior Court of the State of California in and for Los Angeles county, Department Number Twenty-seven, is now in session."

Everyone in the courtroom rose at the first syllable. That is, everyone except a little woman in the second row. She kept her seat.

A moment later Judge Guerin, in an aside, asked Bailiff Borton why the dignity of the court was imperfectly maintained.

"Shush, judge; that's Mrs. Borton," the bailiff replied in a hasty whisper.

"Next case," the court called.

SEVENTEEN

OFFSHORE

SHIPS DUE

Steamers Arriving Today

Total More Than 200,000

Deadweight Tons

An unusual array of offshore shipping will enter Los Angeles Harbor today, the seventeen arrivals due representing sixteen different steamship companies and services to all parts of the world. The seventeen steamers aggregate more than 200,000 deadweight tons.

Prominent among the cargo arrivals will be the Shipping Board liner West, coming from Orient in the service of Struthers & Barry, with 15,000 sacks of copra and meat from the Philippines, 3400 cases of crude rubber from Singapore and heavy consignments of oriental freight from Yokohama and Hongkong.

Other ships due from their owners and ports of departure, are: Tanker Imlay and Durango, from New York; C. D. Mallory & Co.; tanker Antigua, Buena Aires, Public Steamship Company; steamer Florida, San Francisco; American Mail Line; steamer Virginia, Baltimore; United American Line; steamer Lewis Luckenbach, Stockton; Luckenbach Line; steamer El Cedro, Buckley Bay, B. C. Los Angeles Lumber Products Company; steamer Horace X, Baxter, British Columbia; H. W. Baxter & Co.; Danish tank steamer Vitulu, Montreal, Baltic-American Petroleum Export Company; tank steamer William G. Warden, New York; Standard Oil Company of New Jersey; steamer West, Seattle; Struthers & Barry; Norwegian steamer Golden Gate, Vancouver; Golden Gate Steamship Company; German motorship Gotha, San Francisco; Italian American Line; tank steamer W. F. Herrin, Avon, Associated Oil Company.

Coastwise passenger arrivals will include the liner Emma Alexander, from San Diego; Pacific Steamship Company; and the liner, from San Francisco, Los Angeles Steamship Company.

The Los Angeles liner Calawall will sail at noon for Hawaii with 200 passengers and 5000 tons of freight for the islands. In the trade the Japanese tanker Kiyu Maru will take out 30,000 barrels of fuel oil for the Japanese naval reserve tanks at Tokyo, while the German liner, carrying a similar cargo of gasoline for London.

Angelinos Sail

for Hawaii to

Plan for Fair

To arrange for the placing of exhibits at the Territorial Fair and Exposition in Honolulu opening October 30, a number of representatives of concerns on the mainland, who have obtained concessions, are sailing on the S.S. Calawall today at noon.

Among these is Edward B. Matheson, connected with the local Asotac races, who is making the trip to complete final arrangements for the dirt-track motor race which will be a feature of the fair. The racers and their cars will follow on the S.S. City of Honolulu when that liner sails for Honolulu October 1, carrying a large party of Los Angeles Chamber of Commerce excursionists.

Included in a total of 160 passengers sailing today also are a number of residents of Hawaii returning to their homes after visiting the mainland, and several parties of Southern Californians taking the three-week vacation trip, now most popular because of the routing of the steamships of the Los Angeles Steamship Company on a three-day intensive trip to Kahului and Hilo after the liners' arrival at Honolulu.

LOUIS URIBE HELD ON
STOLEN GOODS CHARGE

SUSPECT IN AUTO CASE SAID
TO BE KIN TO WOMAN WHO
AIDED CHIEF OAKS

Louis Uribe, said to be a relative of Catherine Uribe, who assisted ex-Chief of Police Oakes in the return from Mexico of "Little Phil" Aguin, was held to answer yesterday by Justice Baird on a charge of receiving stolen property.

Uribe, according to testimony of Eugene Sanchez, accused as an automobile thief, owns his town car and attempted to reduce payment for stolen automobiles from \$15 to \$10. Sanchez became angered at Uribe, he testified, because Uribe paid him only \$10 for a stolen automobile and told the authorities all he knew of the accused man's activities. Sanchez is charged with the theft of an automobile belonging to Mike Herrera, 628 North Main street, and is being held in Juvenile Hall.

MAN FOUND DEAD WITH THROAT CUT

Razor in His Hand Points
to Suicide; Body Thought
Despoiled by Ghouls

The body of a man believed to be O. L. Romero, 35 years of age, of 1029 Bonnie Beach Place, Hollywood, was found yesterday among some tumbled brush in the river bed about three blocks from the North Macy-street bridge. The man had been dead about five days. His throat was slashed and in one hand he clutched a rusty razor, the weapon which apparently had caused his death.

The man's pockets were turned inside out and though evidence pointed to suicide the police homicide squad has started an investigation in order that the conflicting claims may be explained.

It is believed by the investigators that the man ended his own life, but that ghouls found the body and stripped it of everything of value. The body lay face down in the weeds. A number of personal papers and a note were found lying in a neat pile on the victim's back. How they got there is one of the angles of which police are seeking an explanation.

The note read:

"I am almost dead with poison. The five belonging I have sent to Alfred Martinez, 9577 Burr street, Hollywood. I am sure you will get these for me. Nobody did this but me."

Several receipts, with the victim's name pinned to them, also were found. The body was removed to the Keweenaw mortuary.

Blue, film star, signed a pledge to work in the coming Chest campaign here.

Five members of the "younger set" of the Kiddy Koop, a social service work is the most satisfactory yet devised. At the conclusion of the Chest campaign, Harold Lloyd, film comedian, appeared at the California Home for Crippled Children at 260 South Bonnie Beach yesterday to be photographed in the Community Chest educational film. The screen actor gave the youngsters at the home a real treat, in addition to appearing among them, by distributing toys.

Vera Reynolds, film actress, has his eighth film, "The Kid," which also appeared for the Chest film. She was photographed at the Volsteads of America's Home for the Aged at Sunland.

YOUNG HELD IN MURDER

Slayer of Mrs. Prewett Arrested on Complaint of
Husband at Inquest; Hearing Today

While William T. Young, a fumigator of Covina, was in attendance at an inquest yesterday at Covina over the body of Mrs. Jennie Prewett, whom he admitted he killed in a rage, a complaint charging murder was issued against him by Dep. Dist. Atty. Davis. The complaining witness was Oscar Prewett, the dead woman's widower, who stated at the inquest that he repeatedly had warned his wife against accepting the attentions of Young.

The inquest was held at the morgue of Custer and Christian, Covina. The coroner's jury returned a verdict, after brief testimony, and the introduction of Young's confession as evidence, that Mrs. Prewett came to her death from a gunshot wound inflicted by Young with intent to murder and recommended further investigation. Rupert Young, 18-year-old son of the accused man, Mrs. E. A. Woodworth and City Marshall Pearson of Covina testified.

Young's son said his father came home shortly after the slaying and confessed that he had killed Mrs. Prewett. Mrs. Woodworth testified that she saw her husband at Vincent Station and saw Mrs. Prewett and Young talking, a short time before she heard a shot. After the slaying, Young and his wife, Mrs. E. A. Woodworth, fled hurriedly. Mrs. Woodworth declared.

BETRAYER

IS BEATEN

BY FATHER

Harbor Man Jailed After

Being Caught in Room of

13-Year-Old Girl

Surprised in the bedroom of a 13-year-old school girl at Los Angeles Harbor last night, Leonard Thompson, 29 years of age, a restaurant owner of 1122 West Twenty-second street, Los Angeles Harbor, was beaten by his father, before policemen, who had been summoned, could interfere. In a serious condition from the beating, Thompson was taken to the Harbor Jail, where he was booked on suspicion of a statutory offense.

Thompson, who is married, was trapped in the girl's room. It was stated, after the girl's father had learned he had been slipping into the room, that Thompson had been there for one to four years in San Quentin Penitentiary, but a stay was granted at the request of her attorney, S. S. Hahn.

Dep. Dist. Atty. Hill, who opposed the granting of probation in the case, told the court Miss Ferguson had secured her position as a school teacher through forging the name of Beatrice MacFarland to a graduate nurse's certificate. Hill also stated the woman had been involved in two heart-breaking suits, one of which was for \$25,000 damages against LeGrand Howell, Hollywood real estate man.

Hahn pleaded that the girl had never had a chance and blamed the environment of her youth and unfortunate love affairs for her predicament.

GROUND BREAKING FOR
NEW CHURCH SUNDAY

Ground will be broken at 4 o'clock tomorrow afternoon for the new church building of the Chapel of the Advent, Protestant Episcopal, to be built at the corner of West Adams street and Longwood avenue. In the Glen View district at the western part of West Adams street, Bishop H. Johnson will deliver the principal address at the ceremony, which will be participated in by Rev. Arthur Evans, dean of the Los Angeles convention. Under the direction of Rev. M. K. Crawford, minister in charge, the chapel has grown greatly in attendance, and as a result, the new building became necessary.

LOADING ZONES PLANNED

City Attorney Stephens has been instructed by the City Council to prepare and present an ordinance placing authority in the Board of Police Commissioners to designate the location of and establishment of loading zones in the congested district at any point where the commission finds that conditions warrant the establishment of zones.

Pauline Stark Entertains Kiddies

D. C. MOORE, vice-president of the Pacific Mutual Life Insurance Company, told members of the Southern California Retail Druggists' Association, at their meeting yesterday, that the Community Chest method of financing social service work is the most satisfactory yet devised. At the conclusion of the Chest campaign, Harold Lloyd, film comedian, appeared at the California Home for Crippled Children at 260 South Bonnie Beach yesterday to be photographed in the Community Chest educational film. The screen actor gave the youngsters at the home a real treat, in addition to appearing among them, by distributing toys.

Vera Reynolds, film actress, has his eighth film, "The Kid," which also appeared for the Chest film. She was photographed at the Volsteads of America's Home for the Aged at Sunland.

YOUNG HELD IN MURDER

Slayer of Mrs. Prewett Arrested on Complaint of
Husband at Inquest; Hearing Today

While William T. Young, a fumigator of Covina, was in attendance at an inquest yesterday at Covina over the body of Mrs. Jennie Prewett, whom he admitted he killed in a rage, a complaint charging murder was issued against him by Dep. Dist. Atty. Davis. The complaining witness was Oscar Prewett, the dead woman's widower, who stated at the inquest that he repeatedly had warned his wife against accepting the attentions of Young.

The inquest was held at the morgue of Custer and Christian, Covina. The coroner's jury returned a verdict, after brief testimony, and the introduction of Young's confession as evidence, that Mrs. Prewett came to her death from a gunshot wound inflicted by Young with intent to murder and recommended further investigation. Rupert Young, 18-year-old son of the accused man, Mrs. E. A. Woodworth and City Marshall Pearson of Covina testified.

YOUNG HELD IN MURDER

Slayer of Mrs. Prewett Arrested on Complaint of
Husband at Inquest; Hearing Today

While William T. Young, a fumigator of Covina, was in attendance at an inquest yesterday at Covina over the body of Mrs. Jennie Prewett, whom he admitted he killed in a rage, a complaint charging murder was issued against him by Dep. Dist. Atty. Davis. The complaining witness was Oscar Prewett, the dead woman's widower, who stated at the inquest that he repeatedly had warned his wife against accepting the attentions of Young.

The inquest was held at the morgue of Custer and Christian, Covina. The coroner's jury returned a verdict, after brief testimony, and the introduction of Young's confession as evidence, that Mrs. Prewett came to her death from a gunshot wound inflicted by Young with intent to murder and recommended further investigation. Rupert Young, 18-year-old son of the accused man, Mrs. E. A. Woodworth and City Marshall Pearson of Covina testified.

Young's son said his father came home shortly after the slaying and confessed that he had killed Mrs. Prewett. Mrs. Woodworth testified that she saw her husband at Vincent Station and saw Mrs. Prewett and Young talking, a short time before she heard a shot. After the slaying, Young and his wife, Mrs. E. A. Woodworth, fled hurriedly. Mrs. Woodworth declared.

BETRAYER

IS BEATEN

BY FATHER

Harbor Man Jailed After

Being Caught in Room of

13-Year-Old Girl

Surprised in the bedroom of a 13-year-old school girl at Los Angeles Harbor last night, Leonard Thompson, 29 years of age, a restaurant owner of 1122 West Twenty-second street, Los Angeles Harbor, was beaten by his father, before policemen, who had been summoned, could interfere. In a serious condition from the beating, Thompson was taken to the Harbor Jail, where he was booked on suspicion of a statutory offense.

Thompson, who is married, was trapped in the girl's room. It was stated, after the girl's father had learned he had been slipping into the room, that Thompson had been there for one to four years in San Quentin Penitentiary, but a stay was granted at the request of her attorney, S. S. Hahn.

Dep. Dist. Atty. Hill, who opposed the granting of probation in the case, told the court Miss Ferguson had secured her position as a school teacher through forging the name of Beatrice MacFarland to a graduate nurse's certificate. Hill also stated the woman had been involved in two heart-breaking suits, one of which was for \$25,000 damages against LeGrand Howell, Hollywood real estate man.

Hahn pleaded that the girl had never had a chance and blamed the environment of her youth and unfortunate love affairs for her predicament.

GROUND BREAKING FOR
NEW CHURCH SUNDAY

Ground will be broken at 4 o'clock tomorrow afternoon for the new church building of the Chapel of the Advent, Protestant Episcopal, to be built at the corner of West Adams street and Longwood avenue. In the Glen View district at the western part of West Adams street, Bishop H. Johnson will deliver the principal address at the ceremony, which will be participated in by Rev. Arthur Evans, dean of the Los Angeles convention. Under the direction of Rev. M. K. Crawford, minister in charge, the chapel has grown greatly in attendance, and as a result, the new building became necessary.

LOADING ZONES PLANNED

City Attorney Stephens has been instructed by the City Council to prepare and present an ordinance placing authority in the Board of Police Commissioners to designate the location of and establishment of loading zones in the congested district at any point where the commission finds that conditions warrant the establishment of zones.

ASSESSORS

FOR FOREIGN

BOND TAXES

Proposed Amendment to

State Constitution Backed

at Napa Meeting

The County Assessors of California, at their annual meeting at Napa, Thursday, adopted a resolution endorsing proposed Constitutional Amendment No. 9.

The resolution follows: "Whereas, the members of the County Assessors' Association of California at their annual meeting at Napa, Cal., the 24 to 26th inst. inclusive, have carefully investigated the purposes and operation of the proposed Constitutional Amendment No. 9, known as No. 9 on the November 4 ballot, giving authority to the Legislature to tax foreign securities not now exempt from taxation at a rate of value in proportion to the value of any other property in the State subject to taxation."

The officers of the association are: Edward W. Hopkins, Assessor, Los Angeles county, president; Charles G. Johnson, State Treasurer, Sacramento, vice-president; R. E. Collins, chairman, State Board of Equalization, vice-president; T. C. West, State Senator, Alameda county, vice-president; D. F. Engstrom, San Francisco, vice-president; Mrs. Laura Taylor Kelly, Los Angeles, vice-president; and Charles R. Detrick, State Land and Loan Commissioner, and Ray L. Riley, State Controller, vice-presidents; district secretaries, Lin W. Williams, Price, southern district and Edward H. Hubbert, northern district.

Capt. Munro

to Command

of Manchuria

Capt. William J. Munro, world-famous American aviator, who has been in command of the Panama-Pacific liner Finland since the 23,000-ton steamer re-entered inter-coastal trade last year, is now on the bridge of the liner Manchuria, 27,000-ton flagship of the Panama Pacific fleet, according to advices from New York last night. The Manchuria is due here from New York and Havana October 4, bringing 500 travelers to California.

Capt. Munro succeeded Capt. Valentine J. Green, who has commanded the Manchuria since the retirement of Capt. Adrian Zeeland. Capt. Green is slated to take over the liner Kronland, now in command of the Pacific Mail line, when it comes to the bridge of the liner Manchuria.

Among the passengers coming here on the Manchuria is L. E. Archer, newly appointed Pacific Coast manager of the Panama-Pacific line, to succeed T. H. Lark, retired. Mr. Archer is accompanied by his family and will arrive upon arrival. For the past several years he has been in charge of the Southampton and South Europe routes of the International Mercantile Marine Lines at New York.

The next week-end will be an unusually busy one at the port in off-shore passenger traffic. In addition to the arrival of the Manchuria, the liner City of Los Angeles is due on the same date, while on October 6 the Dollar liner President Adams is due in completion of her third cruise around the world.

MRS. M. E. TAYLOR

TO BE BURIED TODAY

Funeral services for Mrs. M. E. Taylor, pioneer resident of Los Angeles and the sister of H. M. O'Donnell, founder of the first foundry in this city, will be conducted at 3:30 a.m. today at St. Paul's Catholic church. Mrs. Taylor died Wednesday. She leaves three daughters, Mrs. Grace Beck, Lillian Taylor and Mrs. Violet Whitley, and another brother, G. H. O'Donnell, former assistant mayor of the Los Angeles Fire Department.

BRYAN TO ADDRESS

DEMOCRATS TONIGHT

William Jennings Bryan will address a public meeting under the auspices of the Democratic County Central Committee tonight at the Philharmonic Auditorium. The doors of the auditorium will be opened at 7 p.m. and the meeting will be called to order by Paul Shulley, chairman, at 8 p.m.

WORK ON BOULEVARD

EXTENSION STARTED

Work on the extension of Beverly Boulevard from Rosemead avenue west to Highland avenue through the grounds of the Wilshire Country Club was started yesterday. Steam shovels are being used on the grading of the extension which is to be paved with concrete. Beverly Boulevard, between Highland and La Brea avenues has already been cut through the grounds of the Wilshire Country Club and is being roughly graded. It is expected that the boulevard will be completed by June 1, 1925, from Rosemead avenue to La Brea avenue.

FOUR ARE INDICTED

Forgery, Narcotic and Two Mail Cases Acted Upon

The federal grand jury yesterday returned indictments against the following: Joseph R. Rodas, mail carrier, charged with stealing from the mails; Antonio Arroyo, charged with raising and passing bank notes; Elmer McKown, charged with dealing in morphine; Spencer H. Dyer, alias Howard Dyer, Los Angeles Harbor member, charged with sending an improper picture through the mails.

ROAD HAZARD

Near Bandini

Will be Ended

Authority for the reconstruction of Telegraph Road, under the Santa Fe tracks near Bandini Station, which will eliminate one of the most hazardous grade crossings in Southern California, was given by the State Railroad Commission yesterday to the railroad, the county and the Los Angeles County Grade-Crossing Committee. The commission also ordered grade crossing of Scott Road over the Santa Fe tracks, approximately 1500 feet south of the Telegraph-Road crossing, abolished.

Cost of constructing the separate grade crossing was ordered divided equally between the railroad and the county. An estimate of \$225,000 has been filed.

Figures compiled by the State Highway Commission show that the county and the Los Angeles County Grade-Crossing Committee. The commission also ordered grade crossing of Scott Road over the Santa Fe tracks, approximately 1500 feet south of the Telegraph-Road crossing, abolished.
